

Nothing but **HEAVY DUTY**.™

**EMBARGO UNTIL –  
MARCH 2023**

## **MILWAUKEE® Enhances Their Diagnostic Camera Technology with New M12™ 360° Inspection Cameras**

Milwaukee Tool continues to provide leading image quality across their inspection camera products with the introduction of the new M12™ 360° Inspection Camera 1.2 m and M12™ 360° Inspection Camera 3 m.

---

**A 270° ROTATING SCREEN PROVIDES THE USER WITH FLUID IMAGE CONTROL IN EVERY POSITION OF USE AND A DIGITAL 180° IMAGE ROTATION ALLOWS THE USER TO EASILY ADJUST THE PERSPECTIVE**

---

MILWAUKEE® inspection cameras are designed to provide clear images for easy inspections, both cameras feature a smaller camera head for improved navigation.

Both the 1.2 m and the 3 m version of the M12™ 360° Inspection Camera feature a 4.3" LCD screen, delivering crisp and clear images that allows the user to see objects in greater detail and with five modes of brightness that provide

“ **720p camera resolution providing outstanding image quality and three levels of zoom to quickly focus on any points of interest** ”

best in class illumination without shadows or glare. The on screen interface provides an improved user experience while navigating the camera and allows for a simple two-handed operation.

The 10 mm camera head allows for easy access in tight spaces, improving navigation while 360° image rotation allows for easy adjustment by physical rotation of the screen or all-new digital rotation with the push of a button. The IP67 rated camera head and camera cable withstands the toughest jobsite conditions. Available with either a 1.2 meter cable or 3 meter cable, both M12™ 360° Inspection Cameras feature a balance between flexibility and rigidity. The cables are optimised for multiple purposes ranging from drain applications to behind-wall applications.

Included is a 32 GB micro SD card that provides file exportability to save, transfer and share photos and videos easily and conveniently. A hook, magnet, mirror, and plumbing ball attachments deliver additional functionality to the M12™ 360° Inspection Camera 1.2 m and M12™ 360° Inspection Camera 3 m.

Powered by REDLITHIUM™ battery technology, the new M12™ 360° Inspection Cameras are cordless cameras that join the M12™ System - the largest sub-compact system on the market, focused on delivering industry-leading durability and power in the tightest spaces. Currently, the M12™ System is made up of more than 125 solutions.

## **Specifications**

### **M12™ 360° Inspection Camera 1.2 m 2<sup>nd</sup> Gen**

#### **M12 360IC12-201C**

- Battery Type: Lithium-ion
- Battery System: M12™
- Camera Cable Length: 1200 mm
- Camera Head Diameter: 10 mm
- Camera Head Ingress Protection: IP67
- Camera Resolution: 720p

- Display Size: 4.3"
- Weight with Battery Pack: 0.88 kg (M12 B2)

**Kit Includes: (1) M12<sup>™</sup> 360° Inspection Camera 1.2 m 2<sup>nd</sup> Gen, (1) M12 B2 Battery Pack, (1) C12 C Charger, (4) Accessories, (1) Kitbox**

### **M12<sup>™</sup> 360° Inspection Camera 3 m 2<sup>nd</sup> Gen**

#### **M12 360IC32-0C**

- Battery Type: Lithium-ion
- Battery System: M12<sup>™</sup>
- Camera Cable Length: 3000 mm
- Camera Head Diameter: 10 mm
- Camera Head Ingress Protection: IP67
- Camera Resolution: 720p
- Display Size: 4.3"
- Weight with Battery Pack: 1.19 kg (M12 B2)

**Kit Includes: (1) M12<sup>™</sup> 360° Inspection Camera 3 m 2<sup>nd</sup> Gen, (4) Accessories, (1) Kitbox**

In addition to the M12 360IC12 and M12 360IC32, Milwaukee Tool introduces the new Alkaline Inspection Camera, powered by 4 AA batteries.

### **Alkaline Inspection Camera 2<sup>nd</sup> Gen**

#### **AIC2**

- Battery Type: Alkaline
- Camera Cable Length: 1200 mm
- Camera Head Diameter: 10 mm
- Camera Head Ingress Protection: IP67
- Camera Resolution: 720p
- Display Size: 4.3"
- 3 x Image Zoom

- Weight with Battery Pack: 0.71 kg (4 x AA),

**Kit Includes: (1) Alkaline Inspection Camera 2<sup>nd</sup> Gen, (4) AA Alkaline Batteries, (4) Accessories, (1) Kitbox**

## NOTES TO EDITORS

Milwaukee Tool is an industry-leading manufacturer of heavy-duty power tools, accessories and hand tools for professional users worldwide. Since the company began in 1924, Milwaukee Tool has led the industry in both durability and performance. With an unwavering commitment to the trades, Milwaukee Tool continues to lead with a focus on providing innovative, trade-specific solutions.

## MILWAUKEE® QUALITY

Quality is our highest priority. Starting with an understanding of the professional power tool user's needs, quality is shaped through the design of superior products, components and processes and is extended through the use of high-grade materials, supplies and stringent in-house/field testing.

The process is completed with the delivery of heavy-duty power tools and accessories that professional users need and demand. Quality has built Milwaukee Tool's reputation since 1924, and continues to be the driving force behind its growth.
